

## Seaweed Calcium-Magnesium Liquid Fertilizer

### Description:

**SEAWEED CA-MG PLUS** is a 100% water-soluble formula enriched with natural seaweed extract and balanced Ca+Mg nutrients. This advanced foliar spray promotes faster nutrient absorption, enhances stress resistance (cold/drought), and improves fruit quality - brighter color, sweeter taste. Its unique surfactant technology extends leaf contact time for maximum efficiency while preventing common calcium deficiencies like bitter pit and fruit

### Formulation:

130(Ca) - 20(Mg) - Seaweed Extract 100

\*or formulated by client request

### Typical Data:

Item	Percentage
Calcium Content	≥130 g/L
Magnesium Content	≥20 g/L
Seaweed Extract	≥100 g/L
Density	1.48 - 1.51 g/mL
Water Insolubles	≤10 g/L

### Why Choose SEAWEED CA-MG PLUS ?

- 100% Water-Soluble,0 residue, suitable for foliar spray and drip irrigation.
- Natural seaweed extract enhance cell growth, improving cold/drought resistance, fruit coloring, and sweetness.
- Added surfactants extend leaf wetting time, increasing nutrient uptake efficiency
- Balanced Calcium & Magnesium prevents calcium-related disorders (e.g., bitter pit, cracking) and cabbage tip burn

### Target Applications:

Crop	Dilution Ratio	Method
Vegetables & Fruit Trees	Dilute 1000-1500 times	Foliar spray, both leaf surfaces (front and back). Use a fine mist spray for even distribution

### Customized Packaging:

Package Type	Package Capacity	MOQ
200 ML Bottle	40 Bottles/Carton	400 Bottles
500 ML Bottle	20 Bottles/Carton	300 Bottles
1L Bottle	12 Bottles/Carton	200 Bottles
5L	4 Jerry Cans/Carton	100 Jerry Cans
10L	2 Jerry Cans/Carton	100 Jerry Cans
20L / 250L / 1000 L		Discussed

### Storage:

Store in the original container in a cool, dry place away from direct sunlight, excessive moisture, and heat. Keep container tightly closed after each use.
